Part V, line 4:

The Foundation is a community foundation that provides grant and loan assistance to nonprofit organizations and to students. The intended use of the various endowment funds is based on donor instructions at the time each fund was established. Purposes vary and include education, environment, health, arts & humanities, community building, and human services.

Part X, Line 2:

The Foundation, its wholly-owned LLC and the Supporting Organization are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

Part XIII Supplemental Information *(continued)*

The consolidated Corporation accounts for income taxes under the asset and liability method in accordance with provisions of Accounting Standards Codification Topic 740, Income Taxes (ASC 740). Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carryforwards.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The consolidated Corporation maintains a valuation allowance for deferred tax assets for which recovery is uncertain.

The Corporation also accounts for uncertain income tax positions under ASC 740. ASC 740 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on de-recognition, classification, interest and penalties, disclosure and transition. Generally, the Corporation's preceding three years are open for examination by federal and state taxing agencies. In addition to being subject to U.S. and various state taxes, the Corporation is also subject to tax in foreign jurisdictions. The affiliated corporation accounts for uncertain tax positions using a "more-likely-than-not" threshold for

Part XIII Supplemental Information (continued)

recognizing and resolving uncertain tax positions. The evaluation of uncertain tax positions is based on factors that include, but are not limited to, changes in tax law, the measurement of tax positions taken or expected to be taken in tax returns, the effective settlement of matters subject to audit, new audit activity and changes in facts or circumstances related to a tax position. Any related interest and penalties would be recorded within income tax expense.

Management has evaluated the Foundation's tax positions and concluded that the Foundation has maintained its tax-exempt status, does not have any significant unrelated business income and has taken no uncertain tax positions that require adjustment to the consolidated financial statements.

Form 990, Part XII, line 2c:

The audit committee oversees the audit of the financial statements and selects an independent auditor. The process has not changed from the prior year.

Form 990, Part IX, Fundraising Allocation:

The basis on which fundraising expenses are allocated is based on the rationale for allocating joint costs under SOP 98-2.

Staff job functions are analyzed to determine the percentage that should be allocated to program services, management & general, and fundraising based on the work performed by each staff member. Expenses

Name of the organization New Hampshire Charitable Foundation	Employer identification number 02-6005625
-----------------------------------------------------------------	----------------------------------------------

are then allocated to program, management, and fundraising based on time spent on each function. If an expense is directly attributable to a specific function it is charged directly rather than allocated. All fundraising costs are internal; no external paid professional fundraising groups are used.

NHCF is not a solicitation-based organization. NHCF fundraising activity is focused on potential donors with the capacity to make relatively large contributions and/or bequests. This type of fundraising activity generally incurs lower costs as a percent of money raised than programs that aim for a large number of small dollar contributions. It is proportionally less expensive to raise large gifts than small ones. NHCF fundraising costs do not vary significantly from year to year, however contribution totals do vary depending upon relationship stage with donors, maturity of trusts, receipt of bequests, etc. For example, NHCF received a bequest of \$31.2mm in 2003 and \$35mm in 2007 which significantly altered the ratio between fundraising expenses and contributions received since no increased fundraising costs were incurred to obtain this large gift.
